Requests of Prefectural Residents & Business Operators

(Extract)

As infections are spreading rapidly in homes, schools & workplaces, we ask for thorough cooperation concerning the following points from prefectural residents and business operators:

- We ask workplaces, schools and families to make sure that those who are not in good physical condition (such as having a fever) stop all of their activities (such as attending school or work). Furthermore, they should pay attention to the health condition of related persons other than themselves in workplaces, schools and families.
- In accordance with Article 24, Section 9 of the Law, we are demanding thorough implementation of the following:
 - Management of facility visitors to avoid crowdedness
 - Ensuring visitors wear masks
 - Forbidding of entry to people not observing infection prevention measures
 - Ensuring facility users maintain appropriate social distance and/or thorough implementation of droplet infection prevention measures
