COVID-19 Infection Measures Headquarters

Gifu Prefectural Government

Implementation Period: Until June 20th (Sunday) 2021

Measure 1 Thorough Observance of “New Behaviour Guidelines”

First “continue to thoroughly implement basic infection prevention measures (the wearing of masks, hand hygiene, avoidance of the three Cs and management of your physical condition).”

These same measures can help prevent infection of new variants as well. Even those who are vaccinated should continue to observe these measures, as vaccinations are not 100% effective.

(1) To all Prefectural Residents

- ① Avoid travel & outings (in particular young people)
 - Avoid “non-urgent and unnecessary travel & outings” at all times of day
 - Also refrain from “non-urgent and unnecessary travel between Prefectures”. In particular, avoid travel to and from areas where states of emergency have been declared or which have been designated as special measures areas to prevent further infections such as Aichi.
- ② Eating & Drinking Measures
 - Avoid use of eating & drinking businesses which do not thoroughly implement infection prevention measures and/or comply with the demand for a shortening in business operating hours.
 - Avoid eating & drinking in large groups or over long times including in the home. Do not drink heavily or speak loudly and wear masks when talking. Be cautious even with your family or partner.
 - High infection risk behaviours such as the drinking of alcohol in groups on streets or in parks are forbidden. Avoid barbecues (entrances to river bank areas etc. will be closed).
